

Mastering the Art of Instrument Flying

Featured speaker Tom Gilmore, CFII and aviation author, will provide a presentation on the various flight simulator models and his experiences in using them for training instrument pilots. The approval of some models by the FAA will also be discussed. If possible, a full working model of a flight simulator will be available to be demonstrated.

Directions: On east side of US 1 near Carl's Buick/GMC dealership.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
